

2011

On February 28, 2010, a petition for Executive Clemency was filed to the Office of Pardons Attorney. Reason for seeking commutation of sentence: A sentence that will require Darnell Garcia to serve eight times more time than admittedly more culpable co-defendants, in fact, more time than all the people in the indictment, doubled. A model inmate for the past years, U.S. Parole Commission admits sentence is disproportionate.

On May 14, 2011 the petition was denied. A new petition can be filed on May 15, 2012.
